SUPPLEMENTARY INFORMATION

FOR

LEGISLATIVE REVIEW

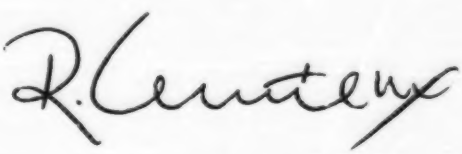
2001-2002 EXPENDITURE ESTIMATES

PREFACE

This document has been produced by Community Support Programs as a supplement to its Printed Estimates of Expenditure. It is intended to provide background information, which complements the information contained in the Printed Estimates of Expenditure.

The contents of this supplement are organized into three parts. The first part provides an overview of Community Support Programs' 2001/02 budget requirements. The second part provides program and financial information including details of staffing requirements and expenditures. The information in part two is organized on the basis of existing main appropriations so that it will provide an easy cross-reference to the Printed Estimates of Expenditure. Part three provides a five-year historical budget comparison. A standard glossary of terms is also included at the end of the document.

This document has been developed to assist members of the Legislature in the review of the Printed Estimates of Expenditure. It is hoped that it will provide a meaningful information supplement and that it will meet the needs of the users of the information. I welcome feedback as to the usefulness of this supplementary information.



Honourable Ron Lemieux
